

The Wroxton Weekly News

Welcome back to the start of a new academic year.

The six weeks holidays have flown by all too quickly...or not depending on whether you are a child, parent or teacher!

The value for this term is responsibility. I am urging you all to take the chance at the start of the year to talk to the children about their responsibilities both at home and school. What are the expectations for behaviour? What are the expectations for homework? What are the expectations for practicing such as music, dancing, and spelling to name a few?

What kit do we need and when? Whose responsibility is it to make sure we have the right things on the right day? Depending on the age of your child and the needs of your child find ways to make them responsible.

Lost property? Ensure they know where you have written or placed their name labels to enable them to find items they have misplaced.

I hope the children have had a positive start to the new term and that we continue to maintain our positive outlooks for the year.
