

The Wroxton Weekly News

Happy New Year and welcome to the start of 2019.

I hope that you all had a lovely Christmas and had time to celebrate and enjoy with your loved ones.

This term our value is **Respect**. One of the many things my father said to me growing up was that if you want people to respect you then you must first respect yourself. The other thing he said was treat people the way you wish to be treated.

My aunt's favourite saying was, "If you have nothing nice to say, then say nothing at all."

Quite often in school the things we deal with are around respect. Respect for people's belongings and being respectful to each other by not saying unkind things.

Please remind your child at home about different forms of respect when interacting with friends and family. Simple things like saying please and thank you, saying excuse me before jumping into a conversation or interrupting, looking after their belongings and taking care of them.

Ask your child to make a Respect Chart and give them awards for it. You will find it will become the norm not the exception!

Regards

April Guinness

Christmas

A massive thank you for all the Foodbank contributions that came in instead of Christmas presents. There were several boxes full that were greatly appreciated by the Foodbank. Mrs Blunden also instead of sending cards this year purchased items for the cause.

Yet again Wroxton rose to the challenge. Thank You

The Office

You will have received a letter yesterday regarding reduced service in the office at the moment. Can we please try and ensure that class teachers are told in the morning about alternative pick-ups as phone messages may not have been listened to. We really appreciate your consideration at this time

Swimming

Swimming starts on Monday 14th January 2019 for The Falcons. Please ensure your child has their swimming kit with them, including their swimming hat. You can go onto school money to pay.

Girls must have one piece costume and boys should be wearing trunks or close fitting shorts. Hats are available at the pool for £1.50.

Weekly Quote

"Respect starts with yourself!"

Staff Car Park

A gentle reminder that the staff car park should not be used for drop off for breakfast club and pick up for night owls unless you are disabled and it is you that is bringing a child into school or collecting them. Our staff arrive at a variety of times in the morning from 7.20am onwards and need to be able to get in and park so that they can get into school to start their day.

School Lunches

New menus are now out for after the February holiday. Can I please remind you that meals must be booked by the Tuesday the week before otherwise extras will always be jacket potatoes. EYFS and KS1 are expected to have a school lunch unless there are extreme dietary requirements we are unable to cater for.

Christingle Update

A massive thank you from Mrs Blunden. As a school community we raised an amazing £250. Foreign coins and old £1 coins were donated to Barclays Charity as not taken by Christingle.

Dates for your Diary
