

# The Wroxton Weekly News

Caring can take on so many different forms. It can be caring for ourselves, and that is not meant in a selfish way, it can be caring for others, either because we have to or because we want to, caring about animals, caring about our environment, caring for our belongings and on occasion caring about what others think of us.

This week I had the delight of taking a phone call from someone who wanted to pass on their thoughts about one of the children in our school. It went something like this: I was in Aldi shopping and happened to notice a young lady wearing her uniform. I stopped her and asked her what school she went to. She told me she went to Wroxton and I told her that my children went to Wroxton many years ago. She also told me she was in Mrs. Blunden's class. So what was the reason behind the phone call? He wanted to tell me that I should be really proud of this young lady. He said she clearly cared how she behaved outside school and that she wore her uniform with pride. His final words were that as a school we should be really proud of her.

I have been and found out who it was. Well done Georgie, you are a credit not only to our school but also to your parents.

Well done to everyone, a wonder effort.

Today we have arrived at school very spotty, all in the name of Children in Need. At break time children attended the Wroxton Book Swap, looking for something new to read.
